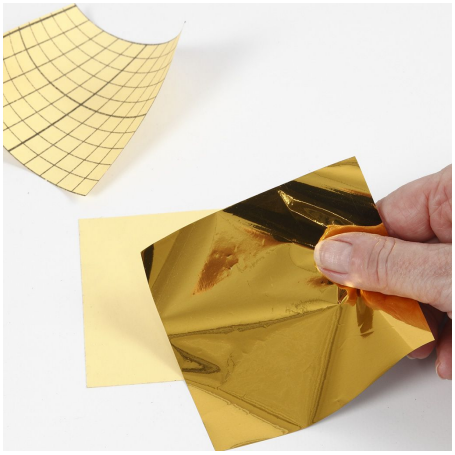
Wenskaart met goud folie en vellum

v14663

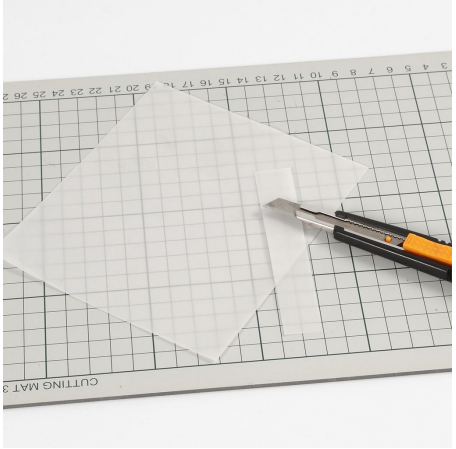
Deze glinsterende wenskaart is gedecoreerd met decoraties van vellum waarop figuren van goud folie zijn bevestigd.

Hoe werkt het



1 Remove one of the protective layers from the sticky double-sided foil tape. Attach the art and craft gold foil. (Remember to smooth it out well).

2 Print the template which is available as a separate PDF-file for this idea. Cut out the designs and copy them onto the back of the sheet of sticky double-sided foil tape with the attached art and craft gold foil. Cut out.



3 Cut a 2 x 11 cm strip and a circle with a 5 cm diameter from vellum paper. Make a small hole in both, using a sharp point eg: a thick needle.

4 Remove the other protective layer from the sticky double-sided foil and attach the designs onto the cut-out vellum paper shapes.

5 Make a small hanging decoration by attaching both decorated vellum paper designs onto one piece of gold thread (finish with a knot). Make a small vertical slot down the middle of the greeting card and attach the hanging decoration so that it is secured in the slot. (The recipient will then be able to remove it and use it elsewhere). Cut an extra piece of gold thread and tie a bow as shown.
