Plaatskaart van manilla label met kartonnen ballonnen en deco-folie

v15389

Gebruik een manilla label als plaatskaart. Decoreer met geponste ballonnen met deco-folie. Strik the plaatskaart met een lint rond de voet van een wijnglas.

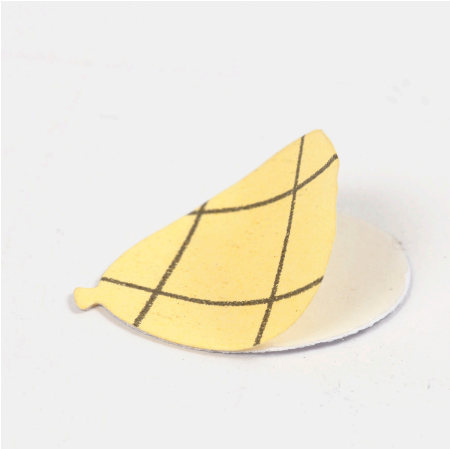
Hoe werkt het

1 Apply glue to the balloon strings silicone stamp using a glue pen.

2 Press the silicone stamp with the glue onto the manilla tag. Leave the glue print until it is tacky; i.e. it's still sticky, but doesn't stick to the fingers when touched.

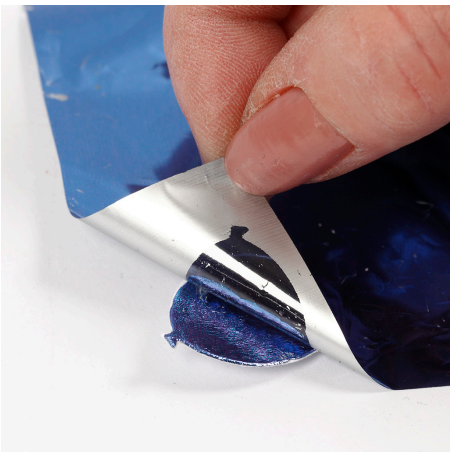
3 Place the deco foil on top and rub hard to attach it onto the glue. Carefully remove the deco foil sheet.

4 Attach double-sided foil tape onto a piece of card and punch out balloons using cutting plate C underneath and base plate B on top.



5 Remove the protective paper layer from the other side of the sticky double-sided foil tape.

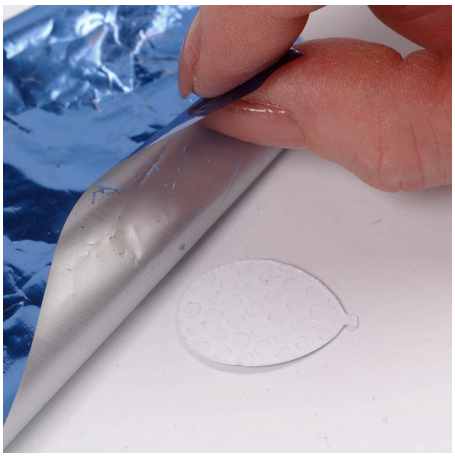
6 Place the deco foil on top and rub hard to attach it onto the sticky foil tape.



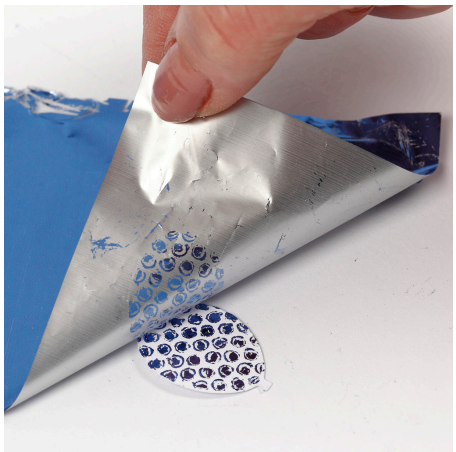
7 Carefully remove the sheet of deco foil. If the deco foil has not transferred completely or if there are any bumps or unevenness, just rub on some more deco foil.

8 You may punch out other balloons from card and decorate them with patterns by applying glue onto one of the balloon design silicone stamps.

9 Place a punched-out card balloon onto the glue in the silicone stamp and press gently to transfer the glue onto the card balloon.



10 Place the deco foil on top and rub hard to attach it onto the glue.



11 Carefully remove the sheet of deco foil.

12 Attach the card balloon onto the place card using 3D foam pads. Print the name and glue it onto the place card.

13 Tie a satin ribbon onto the manilla tag. Use the ribbon for tying the place card around the stem of a wine glass.
