# Cadeaus ingepakt met metallic geschenkpapier en glanzende decoraties

v14557

Deze geschenken zijn verpakt in metallic goud en rood geschenkpapier en verschillend gedecoreerd met papieren sneeuwvlokken, een gevlochten ster en een pompom van tissuepapier. Bijpassend Masking tape en manilla tags met glitter maken de geschenken helemaal af.

## Hoe werkt het

**A** Wrap the gift in glitter foil. Decorate with a wide decorative gold band. Decorate with five thin gold threads in the other direction. Place a white paper snowflake in the middle. Punch out designs in the manilla tag and attach it to the decorative ribbon which is tied around the wide band.

**B** Wrap the gift in metallic red wrapping paper. Attach a white paper snowflake using double-sided adhesive tape. Punch out designs in the manilla tag and tie it onto a long piece of thin gold thread which is wrapped around the gift several times.

**C** Wrap the gift in metallic gold wrapping paper. Tie gift ribbon around the gift and attach a tissue paper pom-pom in the middle with double-sided adhesive tape. Pom-pom: Fold pleats in a zigzag fashion and gather in the middle with a piece of gold thread. Spread each side out into a fan and scrunch up the pleats to make a pom-pom.

**D** Wrap the gift in metallic red wrapping paper. Attach Masking Tape across the gift in one direction decorative ribbon with glitter in the other direction. Attach a star in the middle with Dodz adhesive dots. The star is woven with upstanding points only on one side. (Follow the instruction steps 1-16 on the packaging of the paper star strips).

**E** Wrap the gift in metallic gold wrapping paper. Decorate with a wide tissue paper band. Attach Masking Tape around the gift in the other direction. Attach a star in the middle with Dodz adhesive dots. The star is woven without the upstanding points. (Follow the instruction steps 1-12 on the packaging of the paper star strips).
