

Uitgestanste kegels

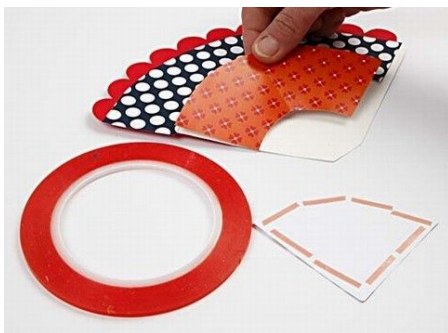

v11929

Uitgestanste kegels bekleed met Vivi Gade Design papier (London serie). Gedecoreerd met zelfklevend kant van papier en geruit lint.

Hoe werkt het

1. Cut out the paper using the punched-out cone as a template. You may paint a part of the cone.

2. Glue on the paper in your desired pattern. Use special double-sided adhesive tape.

3. Assemble the cone in the side with special double-sided adhesive tape. Attach the self-adhesive paper lace over the joints.

4. Finally attach a bow and a bead to the tip of the cone using a glue gun.

5. Paint or decorate the handle with a piece of paper lace. Attach with special double-sided adhesive tape.
