

## Hangende decoraties van vellum papierstroken gedecoreerd met een rosette en glitter

v14807

Deze hangende decoraties zijn gemaakt van Vivi Gade vellum papierstroken die gevouwen zijn in bloemen. Iedere bloem heeft een hart gemaakt van een rosette met zelfklevende strassteen.

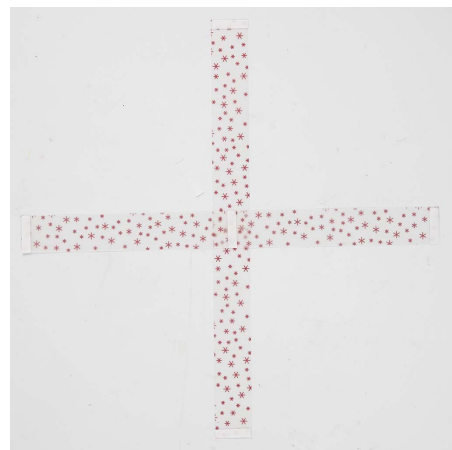

### *Hoe werkt het*

**1** To make a flower from wide paper star strips (25 mm), cut four 28 cm pieces. To make a flower from narrow paper star strips (15 mm), cut four 22 cm pieces.

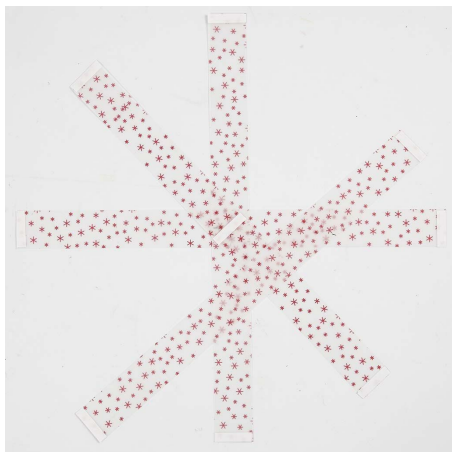

**2** Attach double-sided adhesive tape to the sides and the middle of each paper star strip.

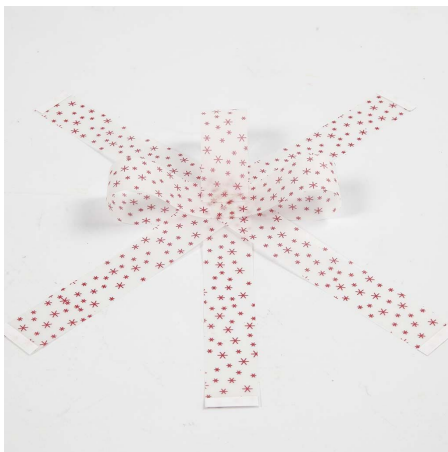

**3** Attach two of the four strips to each other in the middle and perpendicularly as illustrated.

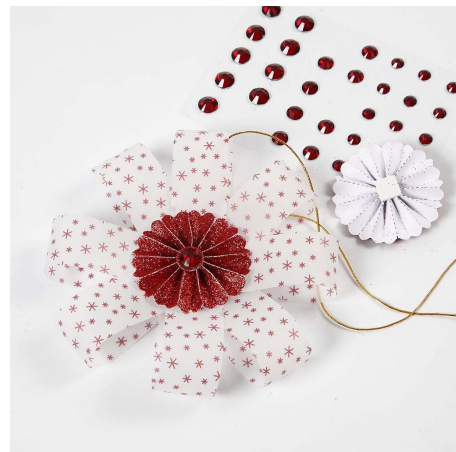

**4** Repeat the process described in step 3 with the remaining two strips and place them on top of the others arranged at 45°.

**5** Attach all the paper star strip ends onto the middle, one at the time.

**6** Decorate the finished flower with a self-adhesive rosette in the middle and decorate the rosette further with a self-adhesive rhinestone in the middle. Attach a piece of gold thread for hanging.
