Plaatskaart met vellum hart met glitter, deco-folie en strasstenen

v15384

Maak deze mooie plaatskaarten gedecoreerd met een vellum hart met goud glitter en de naam geschreven met glanzend deco-folie.

Hoe werkt het

1 Punch out a heart through both card layers of the folded place card using cutting plate C underneath + place card + die + base plate B on top.

2 Punch out two vellum paper hearts the same size as the punched-out hearts in the place card.

3 Open up the place card. Apply glue along the edges and around the punched-out heart on one half of the place card using a glue pen.

4 Cut out a square piece of vellum paper the same size as the folded place card and attach it onto the glue.

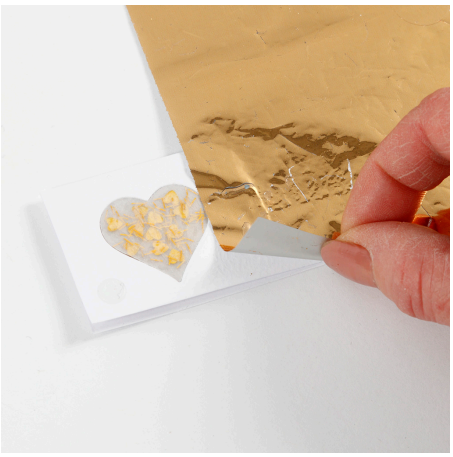
5 Apply glue onto the vellum paper heart protruding from the punched-out heart on the front of the place card using a glue pen.

6 Sprinkle glitter onto the wet glue.

7 Apply glue along the edges of one of the punched-out vellum paper hearts.

8 Place the cut-out vellum paper heart exactly on top of the glittery heart on the front of the place card. Repeat steps 3-8 on the other half of the place card.

9 Write a name on the place card with a glue pen – you may write the name with a pencil first.



10 Place a sheet of deco foil onto the name written with the glue pen and rub hard.

11 Carefully remove the sheet of deco foil. If the deco foil has not transferred completely onto the glue, just rub on some more deco foil.

12 Decorate the place card further with rhinestones.
