

## Kerstkaart met kerstboom van masking tape

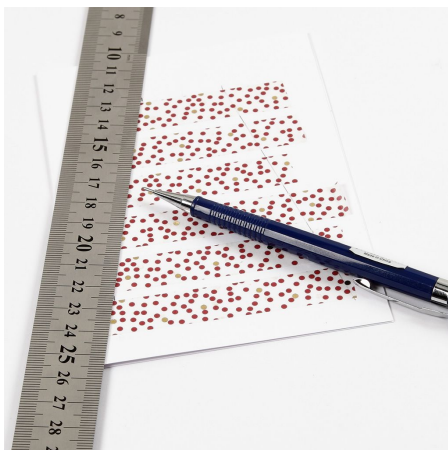

v14740

De voorkant van deze wenskaart is gedecoreerd met een kerstboom gemaakt van stukken masking tape. Bovenaan is een paperclip met ster bevestigd. The front of this greeting card is decorated with a

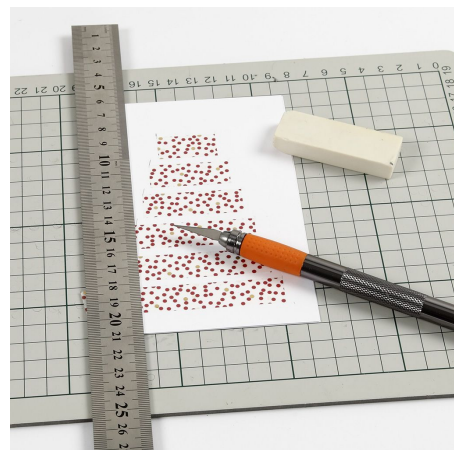

### *Hoe werkt het*

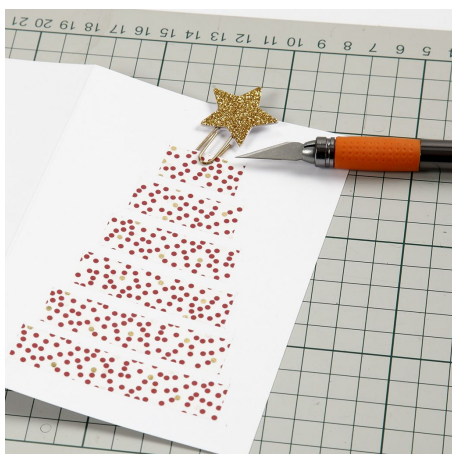

**1** Attach six pieces of Masking Tape horizontally onto the greeting card with the same distance between each.

**2** Use a ruler to ensure the design is symmetrical.

**3** Trim the pieces of Masking Tape vertically on both side. (Avoid cutting through the greeting card).

**4** Open the greeting card and make a cut along the edge of the top piece of Masking Tape. Insert the metal clip with the star in the cut.
