

Houten doos gedecoreerd met een gestencild etnisch ontwerp

v15126

Het deksel van deze houten doos is geverfd met Plus Color Acrylverf goud en gedecoreerd met een etnisch design in off-witte Plus Color Acrylverf, aangebracht met behulp van een stencil.

Hoe werkt het

1 Paint the lid of the wooden box with gold Plus Color craft paint.

2 Here is a tip to prevent the stencil from sliding: spray the back of the stencil with spray adhesive. Spray a thin layer from approx 25 cm distance. Leave to dry until the glue is tacky; i.e. the glue is sticky, but it no longer sticks to the fingers when you touch it.

3 Place the stencil on top of the box lid.

4 Dab off-white Plus Color craft paint onto the stencil with a sponge. Only put a VERY small amount of paint onto the sponge. Dab a small amount of paint several times rather than applying too much paint.

5 Remove the stencil and clean it in lukewarm water (the spray adhesive cannot be rinsed off).
