

A hanging Decoration from Paper Star Strips and Glitter Paper

v15072

This hanging decoration is made from Vivi Gade paper star strips, decorated with a gold glitter paper circle and a rhinestone. A piece of cotton cord is attached for hanging.

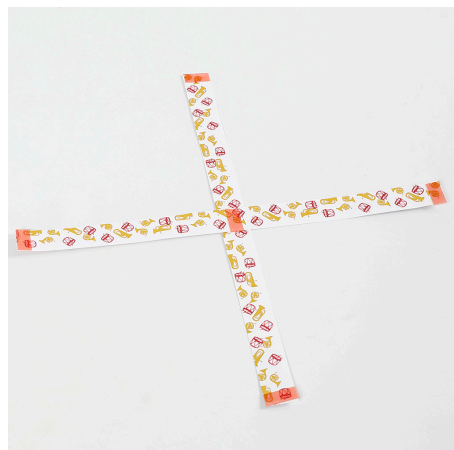

Hoe werkt het

1 If you want to use wide paper star strips (25 mm) for the flower, cut 4 strips measuring 28 cm. If you want to use the narrow paper star strips (15 mm), cut 4 strips measuring 22 cm.

2 Attach power tape to the middle and at each end of the paper star strip.

3 Attach two of the four paper star strips to each other in the middle, as illustrated in the picture.

4 Repeat the procedure from step 3 with the remaining two paper star strips and place them on top of the first two paper star strips, staggered at 45°.

5 Fold and attach the ends of each paper star strip one by one onto the middle.

6 Cut/punch out two 3.5 cm diameter circles from gold glitter paper. You may use a 3.7 cm squeeze punch.

7 Glue the circles onto the middle on both sides and decorate with rhinestones. Finish with a piece of cotton cord for hanging.
