

Haken gedecoreerd met textiel decoupage

v15329

Deze haken zijn eerst geverfd met Plus Color Acrylverf en vervolgens gedecoreerd met textiel decoupage.

Hoe werkt het

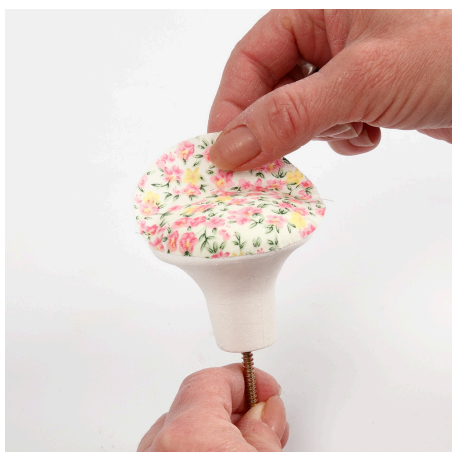

1 Paint the hooks with white craft paint.

2 Cut the fabric using the template attached as a separate PDF file on this page.

3 Apply a coat of decoupage lacquer for fabric onto the hook.

4 Place the fabric onto the hook.

5 Apply a coat of decoupage lacquer for fabric onto the fabric and leave to dry. Apply another couple of coats of decoupage lacquer for fabric on the fabric to make it dirt resistant.
