

Eggs from felt

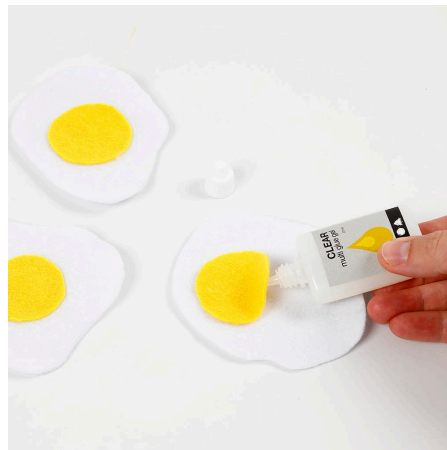

v16180

These fried eggs are made from felt and put inside white plastic eggs, so that they can be cracked into a frying pan.

Hoe werkt het

1 Cut fried eggs from white felt using either a template or by free-hand. Cut the egg yolks from yellow felt.

2 Glue the egg yolks onto the white pieces of felt using CLEAR Multi Glue Gel.

3 Fold the fried eggs and put them inside the plastic eggs.
