

Bracelet with beads of shells

v1740

Elegant and different bracelet with our new beads of shells. Simple and exclusive look, where the beads complement and bring each other out.

Hoe werkt het

1 Put the beads in the wanted order. In this way you can move around with the beads, until you are happy with the order and expression. Put the beads on a piece of elastic cord and finish with a knot. Glue the knot with instant glue and hide the knot inside the bead.
