# Spooky pumpkin lights

v1454

## Hoe werkt het

**1** Paint the pumpkin with Plus Color. Let it dry.

**2** Paint the inside og the light

**3** Sprinkle glitter on the innerside while the paint is still wet. Dust out the extra glitter.

**4** Mix yellow and orange Plus Color for a dark yellow and paint stirpes. Let it dry.

**5** Finally give the entire pumpkin some blank lacquer.
