

Vivi Gade Design - Skagen

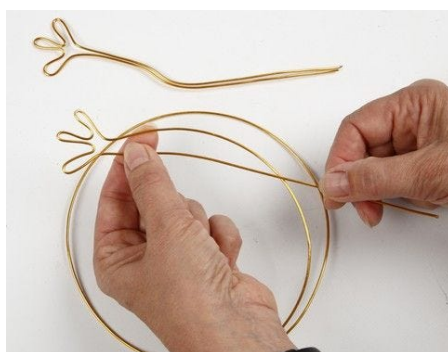

v10227

Motieven zijn uitgesneden uit Vivi Gade papier - figuren gevormd met bonsaidraad- twee identieke stukken papier aan elkaar gelijm om het draad met dubbelzijdig klevend folie - gedecoreerd met 3D goud glitter.

Hoe werkt het

1 Paint the floor pots with plus color Craft paint.

2 Shape figures with bonsai wire.

3 Glue paper on double-sided foil tape for half of the wanted number of figures.

4 Draw the parts after the pattern. Half on the paper with double-sided foil tape and the other half without.

5 Remove the backside of the double-sided foil tape and glue the parts together with the wire between them.

6 Cut out hearts and glue them on the figures. Decorate with 3D-liner Glitter gold.

7 Pressure down the clay into the flower pot and paint with Glitter. Put the bonsai wire- legs into the clay.
