

Linked ketting en armband

v11272

Prachtige set met kralen van parelmoer, glas en steen. Kan individueel als ketting of als losse armbanden gedragen worden.

Hoe werkt het

1 Cut pieces of wire in bracelet lengths. In the end all the pieces are assembled into a necklace. Pull the wire through the crimp bead and attach an interlocking 2-part ring clasp. Pull the wire through the crimp bead again and squeeze together. Thread beads onto the wire. Close the other end in the same way.

2 Pendant for bracelet: The bracelet is made in the same way as one of the parts of the necklace. For the pendant put a bead onto a ball head pin and twist to make a loop.

3 For earrings: Attach beads onto a ball head pin and twist to make a loop. Put onto a French ear wire.
