

Kerstproject van de kinderen

v11126

Cirkels van foam zijn op elkaar gelijmd met een lijpistool. Houten kralen vormen de poten, het gewei is uitgestanst en de grappige ogen maken het helemaal af.

hoe werkt het

Christmas Decorations On this page we present some children's suggestion to this year's Christmas Easy Kit.

Colourful Pom-pom Reindeer Foam rubber circles glued together to make reindeer bodies, heads are made from pom-poms with wiggle eyes and die-cut card antlers glued on. Pipe cleaners are used as legs and pixie hats.

Long-legged Creatures Pom-poms used as bodies and pipe cleaners as legs. Wiggle eyes and foam rubber circles are glued on.

Flying imaginative Animals Cotton eggs are used as the head, pom-poms and pipe cleaners are glued on with funny eyes. Finally, attach to a peg.

Quirky Gnomes in Hiding Cotton egg heads are glued into a felt cone. Funny eyes are glued onto the head and pipe cleaners are used as pixie hats. The hair is made from gold lametta.

Disco Pixies Pixies are made from pipe cleaners, the head and hands are made from pom-poms and hats are made from felt. Lametta hair is glued on with a glue gun.
