

Aquarel kaart

v1136

Deze kaart is geverfd met de Cotman aquarelset en luxe kwasten.

hoe werkt het

1 Sketch your design onto a piece of card using a pencil.

2 Mix the colours in the box lid. Let the colours dry between application to avoid them running into each other.

3 Attach double-sided adhesive tape onto the back of the passepartout frame. Attach the card in the frame.
