

A Cone with Faux Fur

v11827

Cones made from Vivi Gade Design Paper and decorated with faux fur and wax beads.

Hoe werkt het

1. Draw and cut out using the template.

2. Attach double-sided adhesive tape onto the top part of the bead and wrap natural twine around it.

3. Finish with a blob of glue to secure the twine.

4. Glue the twine onto the inside of the cone.

5. Attach double-sided twine and assemble the cone.

6. Cut a piece of twine for the handle and pull on beads.

7. Tie a knot so the bead does not fall off.

8. Fix the twine onto the inside of the cone.

9. Cut a piece of faux fur long enough to reach around the top edge (approx. 1cm wide). Attach this using double-sided adhesive tape.
