

Glazen windlichten met mozaiek

v11705

Glazen windlichten met glasmozaiek gelijmd met Paverpol lijm.

Hoe werkt het

1. Wash the glasses and glue on mosaic tiles using Paverpol.

2. Glue the mosaic tiles very closely together, letting them dry a little as you go along so that the mosaic tiles do not slip

3. Paverpol is weather resistant and excellent for outdoor use.
