

Envelop gemaakt met Fiskars Shape Template

v11679

Een envelop uitgesneden met een Fiskars Shape Template en vervolgens gedecoreerd.

Hoe werkt het

1. Put a piece of card on top of the Shape Cutter mat. Put the Shape Template on top with the logo facing upwards.

2. Remove the protective lid on the cutter. Check that the blade is pointing in the cutting direction before cutting.

3. Cut out the envelope. Begin with the large arches.

4. The cut-out envelope

5.3 -

6. Fold the envelope.

7. Cut out various shapes to decorate as desired.

8. Use non permanent tape for the decoration.

9. Close the envelope with non permanent tape.
