

Ringen gemaakt van veer armband

v12048

Ringen gemaakt van een stuk veer armband op maat geknipt en gedecoreerd met Glas link kralen of Fashion links.

Hoe werkt het

1 Cut a spring bracelet to a suitable length. Take into account the size of the fashion link you wish to use. Always start by making the ring a bit bigger as you can always cut off more of spring bracelet.

2 Thread the fashion link onto the ring and close it by screwing the two parts together. Remember to turn it slightly in the opposite direction to avoid it becoming twisted.
