

A Cone with Paverpol

v11830

This is jute cut into a cone shape, dipped in Paverpol and assembled to make a cone. It is decorated with a faux fur edge, suede cord and a lace cut reindeer when dry.

hoe werkt het

1. Cut a cone from jute.

2. Rub Paverpol into the fabric.

3. Fold it around a cone and let it dry.

4. Cut a faux fur edge and glue it on.

5. Make holes with revolving punch pliers for the ribbon and suede cord.

6. Pull the cord through.

7. Finally decorate with a reindeer on the suede cord.
