

## Clown gemaakt van ribbelkarton

v12371

Clowns gemaakt van ribbelkarton, katoenballen, chenille draad en tissuepapier.

### *Hoe werkt het*

**1.** Draw a face on a compressed cotton ball using Colortime markers.

**2.** Make the body from a piece of rolled-up corrugated board. Use Dana super hobby glue to glue the body, the pipe cleaner arms and the head together.

**3.** Glue on the bow tie, buttons, hands and feet.

**4.** Double over a piece of tissue paper and push or scrunch it together around a flower stick.

**5.** Partly cut open the compressed tissue paper to make hair.

**6.** Glue the tissue paper onto the cotton ball for the clown's hair.
