

## Neon Textil Color op een T-shirt en zonneklep

v13018

Het T-shirt en de zonneklep zijn beschilderd met Neon Textil Color verf. De hand afdruk is gemaakt met zwarte Textil Color verf. Tekst en omtrekken zijn gemaakt met een zwarte textielstift.

### *Hoe werkt het*

**1.** NB! See the following instructions for decorating the T-shirt as well as the sun visor, using the T-shirt as the starting point. Put a newspaper or a piece of plastic inside the T-shirt, protecting the back in order to avoid smudging.

**2.** Paint inside the masking tape area with Neon Textil Color fabric paint and a round or square foam brush. Let it dry.

**3.** Draw a design (i.e. the outline of a hand) with a black Textile Marker - and fill in the area with black Textil Color if you wish. Draw lines and write letters with a black Textile Marker.

**4.** Fix the paint with an iron for approx. 5 minutes. Use a cotton setting on the iron and place baking between the fabric and the iron when fixing it.
