

A Christmas Card with Vivi Gade Design

v12808

Attach design card, design paper, stickers etc. to a blank greeting card (all from the Vivi Gade Design series) using 3D foam pads and an E-Z runner which is a dispenser with double-sided adhesive pre-cut strips. The peg is decorated with masking tape.

Hoe werkt het

1. Cut a 7.5cm wide border from design paper.

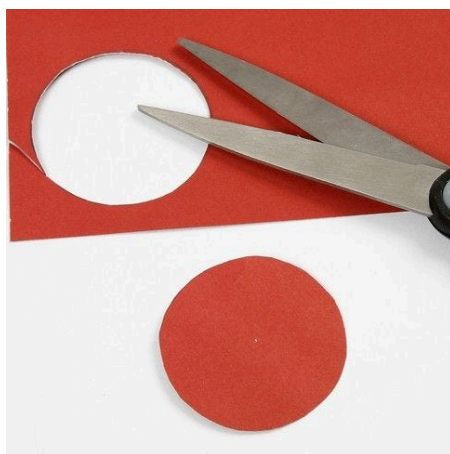

2. Attach the border to the greeting card with E-Z runner.

3. Cut two 18cm long pieces and one 50cm long piece of striped cotton string.

4. Make a tassel and attach it to the greeting card using E-Z runner.

5. Cut a card circle measuring 4.5cm in diameter.

6. Cut out a star from design paper.

7. Attach the star onto the card circle using E-Z runner.

8. Attach this to the greeting card with 3D foam pads.

9. Attach a wooden heart sticker and a self-adhesive rhinestone half-pearl. Decorate the peg for hanging with masking tape.
