

Foam Clay Decoration on a Christmas Bauble

v13385

This plastic Christmas bauble is decorated with Foam Clay and rhinestones. The Foam Clay is pushed onto the Christmas bauble without using glue.

Hoe werkt het

1. Roll small Foam Clay balls in different colors. Make some using two colors with a smaller balls in the middle of the larger one. Push them firmly onto the Christmas bauble spreading them evenly. NB: See the next step before doing this.

2. You may want to push some rhinestones onto the Foam Clay balls before pushing them onto the Christmas bauble.
