

Cones made from punched-out Shapes

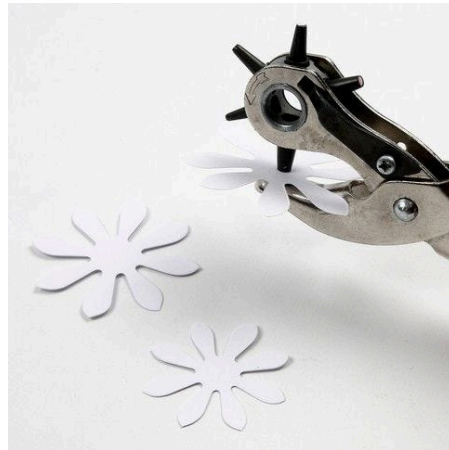

v12521

Cones made from punched-out paper flowers threaded onto paper yarn with wooden beads.

Hoe werkt het

1. Double over a piece of paper yarn and tie a large knot at the open end.

2. Make a hole in the middle of the flowers using revolving punch pliers.

3. Thread the flowers onto the paper yarn; start with the small ones alternating with a wooden bead inbetween and at the end.
