

Kleine ijsjes gemaakt van elastiekjes op Rainbow Loom

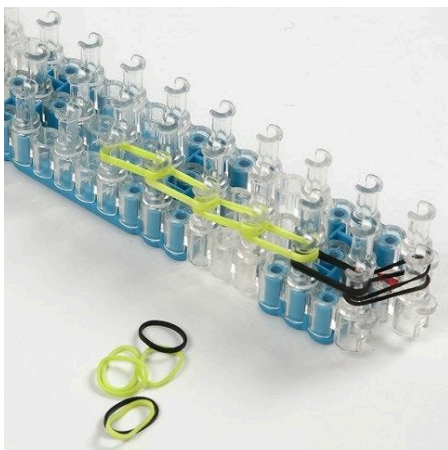

v14138

Deze vrolijke hangers zijn gemaakt van kleine elastiekjes op een Rainbow Loom.

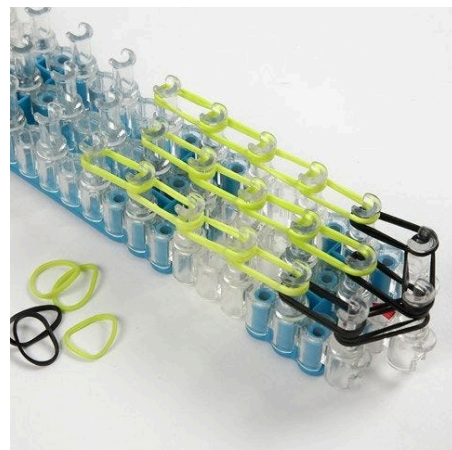

Hoe werkt het

1. Place the loom, which belongs to the small Rainbow Loom Bands, so that the half-circles are facing away from you. Attach two loom bands onto the loom as shown.

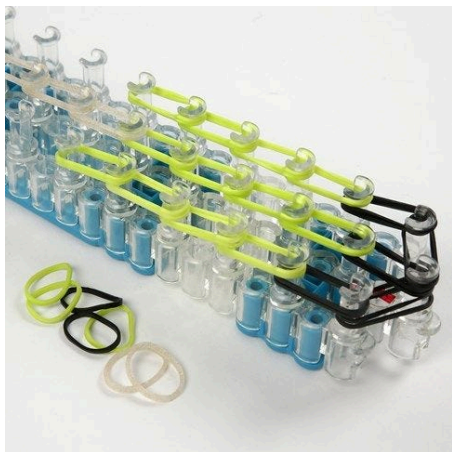

2. Attach the loom bands around the loom's posts up along one side of the loom as shown. We have used five (5) rubber bands, but the length of the ice lolly can be adjusted as desired, as can the colours of the ice lolly.

3. Attach loom bands around the loom's posts in the middle and on the opposite side.

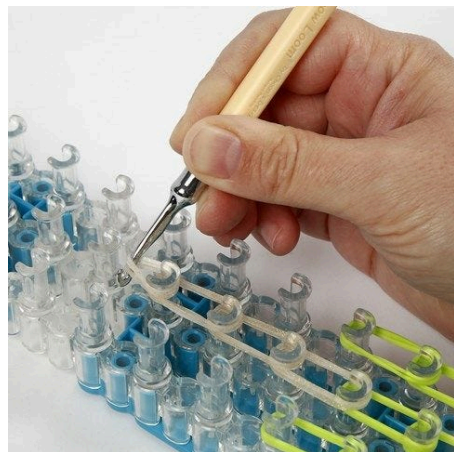

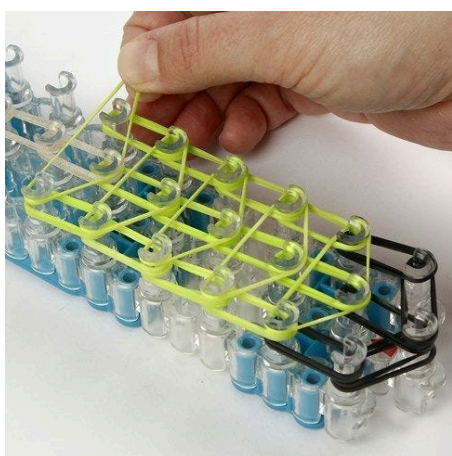

4. Attach loom bands around the loom's pegs in the middle for the ice lolly stick.

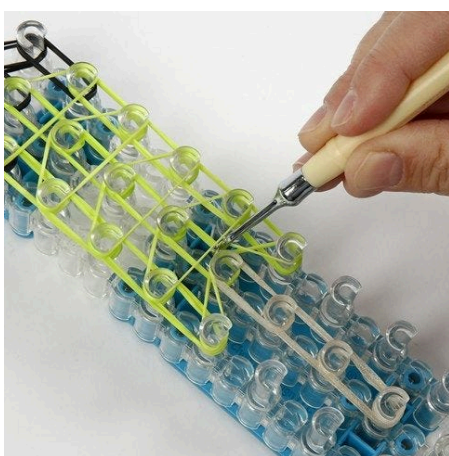

5. Wrap a loom band three times around a mini loom hook as shown.

6. Attach the loom band from the hook around the peg on the loom where bottom loom band of the ice lolly is placed.

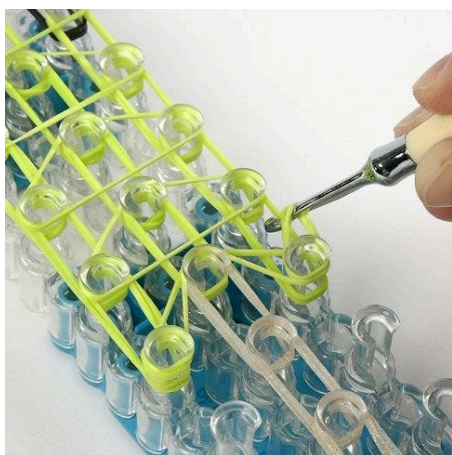

7. Attach loom bands across; from the top of the ice lolly to the loom bands that make up the lolly stick.

8. Turn the loom round and lift each of the transverse loom bands using the mini loom hook up on the nearest middle peg.

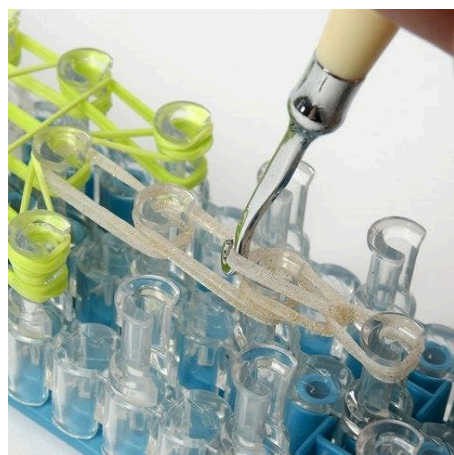

9. Wrap two loom bands three (3) times around the mini loom hook.

10. Attach each of these loom bands onto one of the outside pegs at the bottom of the ice lolly.

11. Lift the loom band from the bottom of the ice lolly stick with the mini loom hook, enabling you to lift up the loom band on the next peg.

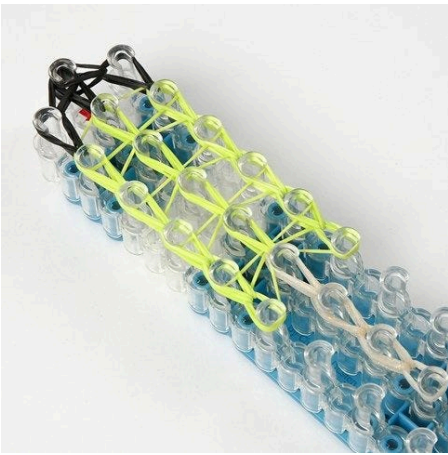

12. Attach the loom band, which is now connected to the previous loom band, onto the next peg. Continue this process all the way up to the top of the ice lolly.

13. Lift up the loom bands on both sides, connect them to each other and place them onto the next peg in the row as described in step 11.

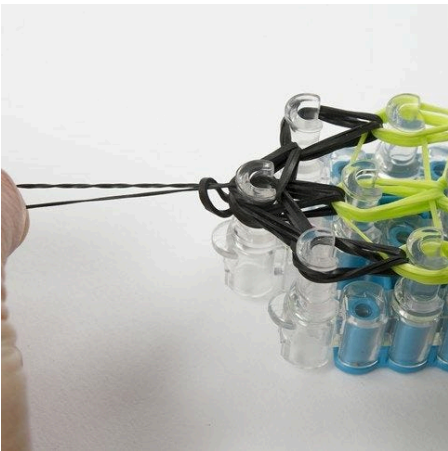

14. Now the ice lolly should take shape and look like this.

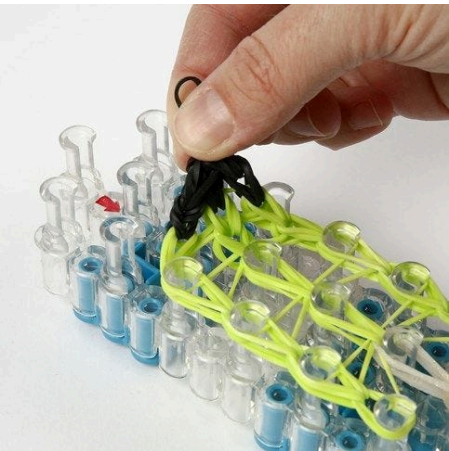

15. Push the mini loom hook down through all the loom bands at the very top of the ice lolly and get a new loom band.

16. Pull the new loom band through all the loom bands.

17. Make a loop for hanging in this loom band.

18. The ice lolly is now finished and ready to remove from the loom.

Another example -

Another example You may use it as a pendant on your bag.
