

Een engel geknipt uit velourspapier

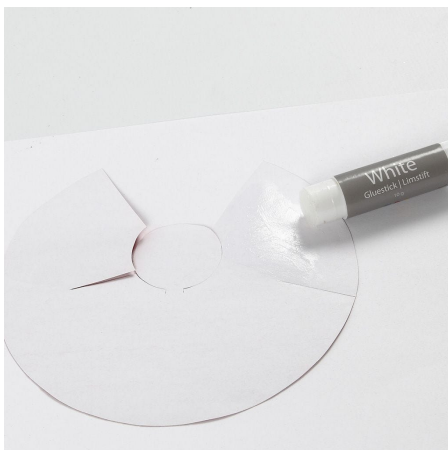

v14733

Deze engel van velourspapier is geknipt met behulp van het aangehechte sjabloon. Het kleed is gedecoreerd met zelfklevende strasstenen. Een uitgeprinte portretfoto is op het hoofd gelijmd. Lijm De vleugels zijn bestrooid met glitter.

Hoe werkt het

1 Print and cut out the template which is available as a separate PDF-file for this idea. Copy onto the back of a sheet of velvet paper and cut out. (A TIP: Save time by placing the sheet with the template on top of the sheet of velvet paper and cutting both out at the same time).

2 Apply glue to each wing.

3 Sprinkle glitter onto the wet glue and shake off the excess glitter. Leave to dry. Decorate the dress with self-adhesive rhinestone borders. Print a portrait and glue it onto the head.

4 Assemble the figure by pushing one wing into the slot of the other. Secure the figure by applying a blob of glue to the joint at the top and the bottom. Attach pegs while the glue dries.
