

T-Shirt met reflecterend spook

v15119

Dit zwarte t-shirt is gedecoreerd met een spook gemaakt van reflecterende folie die op het t-shirt is gestreken.

Hoe werkt het

1 Print out the template which is available as a separate PDF file for this idea. Copy the ghost onto iron-on reflective film and cut out. Punch out stars with a paper punch.

2 Punch two eyes in the ghost using a screw punch. Cut an open mouth by making a soft bend in the middle of the ghost and cutting a hole.

3 Place the back of the ghost and the stars on the T-shirt and iron.

4 Finally remove the protective foil from the film.
