Design Paper Cones with Nutcracker or Harlequin Motifs

v15071

This cone is made from design paper and hung on a piece of cotton cord.

Hoe werkt het

1 Cut off the white border so that the paper measures 30.5 x 30.5 cm. Now divide the paper into four equal sized squares and attach power tape onto one corner.

2 Roll the paper to make a cone and tape together.

3 Punch out two holes for hanging.

4 Thread the cotton cord through the two holes and tie a knot at both ends.
