

Zwart en wit Cadeaupapier met vuurtorens

v15309

Geef uw geschenken een maritieme uitstraling met cadeaupapier met vuurtorens. Knip de eerste letter van de naam van de ontvanger uit designpapier als decoratie of decoreer de geschenken met een lichtslinger.

hoe werkt het

1 Print the template which is available as a separate PDF file for this idea and cut out the letters that you want to use.

2 Glue two pieces of design paper back to back, large enough to fit a letter.

3 Copy the letter onto the design paper.

4 Cut it out.

5 Make a hole with hole punch pliers for tying the letter onto the present.

6 Paint a light house with craft paint.

7 Apply two coats of glitter glue when the painted light house is dry.

8 Attach the light house onto the wrapped present using a glue gun.

9 Cut out a letter following the instructions in steps 2-4. Cut out two rectangular pieces of design paper and glue them back to back. Use this as a backing to highlight the letter when attaching it onto the gift bag with a clip.

10 You may decorate the present further with fairy lights.
