

Kerstkaart met nieuwsgierige kerstkabouter van design papier

v15736

Decoreer een witte wenskaart met een nieuwsgierige kerstkabouter van design papier. Je kunt de kaart verder afmaken met kleine sterren gemaakt met glitterlijm.

hoe werkt het

1 Trim paper from the design paper pad to fit the width of the greeting card. You may also cut a red strip of card. Attach onto the front of the greeting card with double-sided adhesive tape.

2 Print the templates which are available as a separate PDF file on this page. Cut the hat from design paper, the beard from white card, the nose and the tassel from red card.

3 Attach all the parts onto the front of the greeting card with double-sided adhesive tape.

4 Make stars with glitter glue as shown in the photo.
