Zwart en wit Cadeaupapier met vuurtorens

Geef uw geschenken een maritieme uitstraling met cadeaupapier met vuurtorens. Knip de eerste letter van de naam van de ontvanger uit designpapier als decoratie of decoreer de geschenken met een lichtslinger.

Print the template which is available as a separate PDF file for this idea and cut out the letters that you want to use.

Copy the letter onto the design paper.

Make a hole with hole punch pliers for tying the letter onto the present.

Glue two pieces of design paper back to back, large enough to fit a letter.

Cut it out.

Paint a lighthouse with craft paint.

Apply two coats of glitter glue when the painted lighthouse is dry.

Cut out a letter following the instructions in steps 2-4. Cut out two rectangular pieces of design paper and glue them back to back. Use this as a backing to highlight the letter when attaching it onto the gift bag with a clip.

Attach the lighthouse onto the wrapped present using a glue gun.

You may decorate the present further with fairy lights.
