

## A Cone with Faux Fur

STEP BY STEP 123  
Inspiration: 11827

01 Draw and cut out using the template.

02 Attach double-sided adhesive tape onto the top part of the bead and wrap natural twine around it.

07 Tie a knot so the bead does not fall off.

08 Fix the twine onto the inside of the cone.

03 Finish with a blob of glue to secure the twine.

04 Glue the twine onto the inside of the cone.

09 Cut a piece of faux fur long enough to reach around the top edge (approx. 1cm wide). Attach this using double-sided adhesive tape.

Template

05 Attach double-sided twine and assemble the cone.

06 Cut a piece of twine for the handle and pull on beads.
