

Kerstornamenten met decoupage

Liefelijke kant-en-klare kerstornamenten met decoupage gemaakt van Vivi Gade Design papier (Copenhagen serie) en lint.

01 Tear Vivi Gade design paper (the Copenhagen series) into small pieces. Remove the string from the ornaments and glue on the small pieces of paper in random order using A-color Allround medium glue lacquer.

02 Cut a piece of Vivi Gade ribbon and tie a knot in one end of the ribbon. Glue it onto the top of the ornament using a glue gun. Now you can hang the ornaments onto a long piece of ribbon as a garland or individually on the Christmas tree or in the window.
