01 Put a piece of card inside the top.

02 Place the stencil on top of the fabric and tape it in place with masking tape along the sides around the stencil.

03 Lightly dab the fabric paint onto the stencil. Do not use too much paint. Use a foam stencil brush when applying the paint onto the stencil. Let the print dry.

04 Iron the finished stencil print for approx. 1 minute at a temperature for cotton. Put a piece of grease proof paper over the stencil print when fixing the print with an iron.
