Creepy-Crawlies voor Halloween van pompoms, chenille en vilt

Deze drie creepy-crawlies hebben lijven gemaakt van pompoms en poten van chenille. Ogen en tanden zijn gemaakt van vilt. □

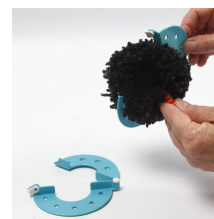

Make a pom-pom. (The instructions for pom-poms in four different sizes are printed on the pom-pom maker packaging).

Push three pipe cleaners into the middle of the pom-pom maker. The two halves of the pom-pom maker are wound with yarn and then assembled.

Cut open the yarn all the way around along the groove. Tie a piece of yarn in the groove a couple of times and then tighten. Finish with a double knot.

Remove the pom-pom maker.

Eyes, mouth and teeth: Print and cut out the template which is available as a separate PDF file for this idea. Copy onto felt, cut out and glue on.

A TIP: A pipe cleaner is glued to the edges of each of the ghost's white felt wings to make them foldable.
