A hanging Decoration from Paper Star Strips and Glitter Paper

This hanging decoration is made from Vivi Gade paper star strips, decorated with a gold glitter paper circle and a rhinestone. A piece of cotton cord is attached for hanging.

If you want to use wide paper star strips (25 mm) for the flower, cut 4 strips measuring 28 cm. If you want to use the narrow paper star strips (15 mm), cut 4 strips measuring 22 cm.

Attach two of the four paper star strips to each other in the middle, as illustrated in the picture.

Fold and attach the ends of each paper star strip one by one onto the middle.

Attach power tape to the middle and at each end of the paper star strip.

Repeat the procedure from step 3 with the remaining two paper star strips and place them on top of the first two paper star strips, staggered at 45°.

Cut/punch out two 3.5 cm diameter circles from gold glitter paper. You may use a 3.7 cm squeeze punch. □

Glue the circles onto the middle on both sides and decorate with rhinestones. Finish with a piece of cotton cord for hanging.
