

Skyline van Masking Tape op canvas

v14072

Deze wolkenkrabbers zijn getekend met een zwarte stift op wit canvas. En daarna ingevuld met Masking Tape in verschillende kleuren en motieven

Hoe werkt het

1. Draw according to your imagination or print and cut out the template which is available as a separate PDF file for this idea. Outline the design with a black permanent marker, e.g. Uni Posca, on a white canvas. Leave to dry.

2. Cut pieces of Masking Tape and attach them inside the outlined skyscraper design on the canvas according to your taste.

3. Apply a coat of A-color allround medium glue lacquer ensuring that the Masking Tape does not come unstuck on the canvas. Leave to dry.
