

## Halloween decoraties van harmonicapapier

Deze decoraties zijn opgehangen met zwart elastisch koord. Ze zijn geknipt uit zwart karton met behulp van het aangehechte sjabloon. Het 3D effect wordt bereikt met concertinapapier dat is bevestigd met dubbelzijdig tape. Details zijn aangebracht met een zwarte Poster Hobby Marker.r.

**1.**

Print out the template, which is available as a separate PDF file for this idea. Cut out the templates, copy them onto a piece of card, outlining them and cut them out.

**2.**

Fold the card circle in half, making a fold in the middle. This will be the card shape's tummy. Attach double-sided adhesive tape.

**3.**

Fold the circle vertically along the glued back of the concertina paper; each half of the circle on either side of the glued back. NB; the lines of the concertina paper should be horizontal.

**4.**

Cut the concertina paper around the card circle and carefully unfold the concertina paper.

**5.**

Attach double-sided adhesive tape onto the back of the concertina paper (the card circle) and attach the "tummy" onto the cut-out shape.

**6.**

Use a marker for drawing eyes, nose and mouth on the card shape. Make a hole for hanging and attach a piece of string.
