

## Servetten decoupage op eieren

v12256

Twee-delige eieren van karton zijn geverfd met Plus Color acryl verf en gedecoreerd met servetten. Vervolgens gedecoreerd met zelfklevende strassstenen in de vorm van halve parels en 3D stickers.

### *hoe werkt het*

- 1.**  
Make a hole at the bottom of the egg to fit the metal stand.

- 2.**  
Paint the bottom half with Plus Color Craft paint.

- 3.**  
Tear the top layer of a napkin and glue the pieces onto the lid (the top half of the egg) with decoupage lacquer.

- 4.**  
Glue the straight edges from the napkin along the edge of the lid.

- 5.**  
Glue self-adhesive rhinestone half-pears along the edge (cut them off individually first).

- 6.**  
Place the stand underneath the egg and attach self-adhesive dragonflies.

- 7.**  
Paint the brown eggs white before decorating with napkin decoupage.

- 8.**  
You may paint the polystyrene eggs with Plus Color Craft pain.
