

## Hangende engelen

v12215

Deze engelen zijn gemaakt uit een sieraden kit. Instructies bijgesloten.

### *Hoe werkt het*

**1.** Cut a piece of wire measuring 30cm. Thread eight beads onto the wire and make two loops with four beads on each.

**2.** Pull the loops so the beads are positioned four and four together.

**3.** Twist once leaving a piece of wire at the top and at the bottom. Thread a prism onto the lowest wire.

**4.** Feed the wire up along the prism and twist once around the other wire.

**5.** Thread the two beads for the head and the halo onto both wires.

**6.** Make a small loop for hanging by twisting the wire around a small stick.
