Kaarten met multi patronen

v12178

Deze prachtige kaarten zijn gemaakt met handgemaakt papier, 3D stickers en lint.
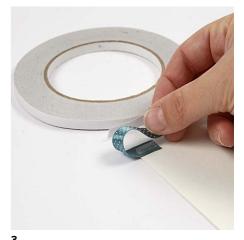

Hoe werkt het

1.
Cut out the paper for the background and glue it onto the card.

2.
Now cut out the patterned paper and glue it onto the card, on top of the background piece of paper mentioned above.

3.
Open up the card and attach a small piece of ribbon using double-sided adhesive tape.

4.
Attach several pieces of paper in various sizes onto the card.

5.
Cut out circles and glue them together. Finally, decorate with 3D shape stickers.

6.
Attach to the card using foam pads.

7.
To make a small bow, make a ring using a small piece of ribbon and close it in place with double-sided adhesive tape.

8.
Attach a small piece of ribbon across.

9.
Attach the ends of the bow onto the card with double-sided adhesive tape and place the bow on top.
