

Gevlochten armband van Design koord

v12086

Armband gevlochten van Design koord en sluiting gemaakt van een gesp sluiting.

Hoe werkt het

1. Glue two pieces of design cord – each measuring approx. 25cm – into one part of the hook clasp.

2. Double over approx. 2 meters of cord and tie it onto the two cords.

3. Now braid till you have reached the desired length.

4. Cut off the braided ends and glue them in place on the back.

5. Cut off the ends and glue these in the other part of the hook clasps. Remember to check that it is turned the right way in comparison to the first one.
