Hoe werkt het

- 1.** Put a piece of card inside the top.

- 2.** Place the stencil on top of the fabric and tape it in place with masking tape along the sides around the stencil.

- 3.** Lightly dab the fabric paint onto the stencil. Do not use too much paint. Use a foam stencil brush when applying the paint onto the stencil. Let the print dry.

- 4.** Iron the finished stencil print for approx. 1 minute at a temperature for cotton. Put a piece of grease proof paper over the stencil print when fixing the print with an iron.
