

Te gekke pailletten

v12686

Styropor artikelen zijn geverfd en gedecoreerd met pailletten bevestigd met VTR lijm.

hoe werkt het

1.

Paint the polystyrene item with Plus Color Craft Paint – and let it dry.

2.

Apply a thick coat of VTR adhesive, then dip and roll the polystyrene article in the sequins mix. Repeat the whole procedure when dry.

3.

Attach decorative ribbon and a ribbon for hanging to the sequins covered item. You may use small pins for securing the ribbon.
