

Een piramidevormige ster op leerkoord met kralen

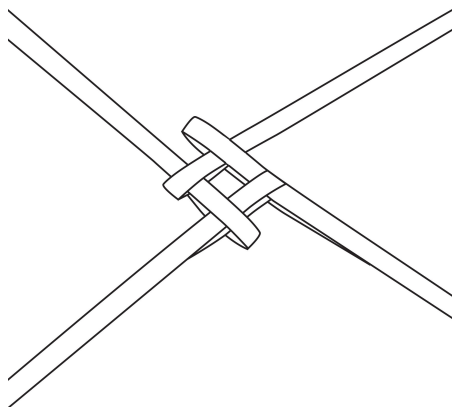

v13209

Deze ster is bijna op dezelfde manier geweven als de klassieke geweven ster. Het verschil is de vier punten, die zijn geweven als piramides aan beide kanten. De ster wordt ook horizontaal opgehangen, in plaats van verticaal.

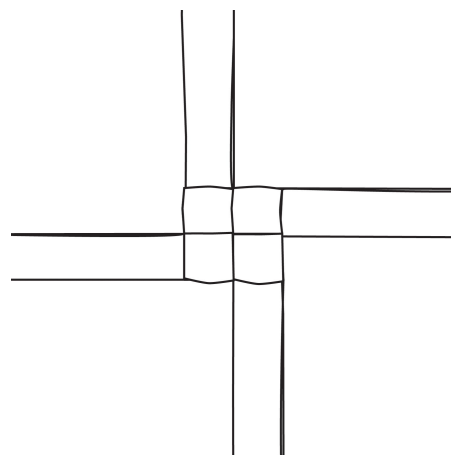

Hoe werkt het

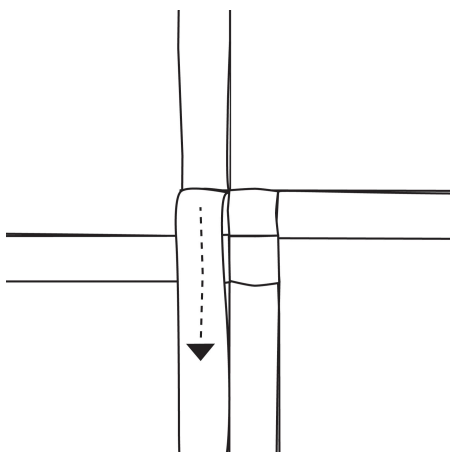

Step 1.

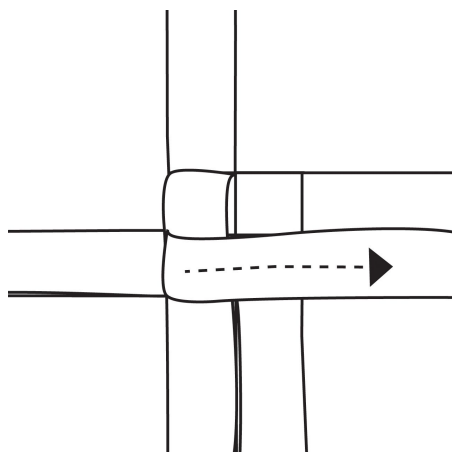

Step 2.

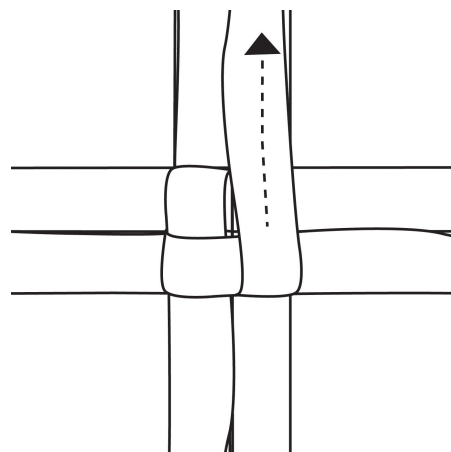

Step 3.

Step 4.

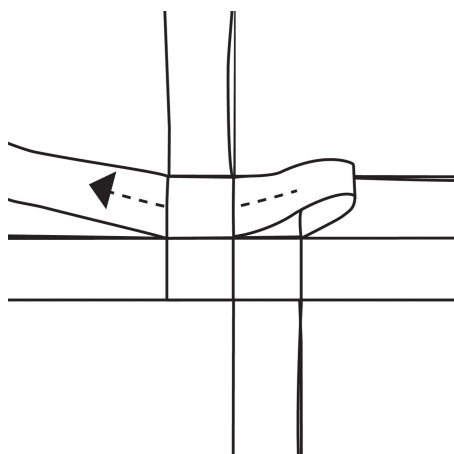

Step 5.

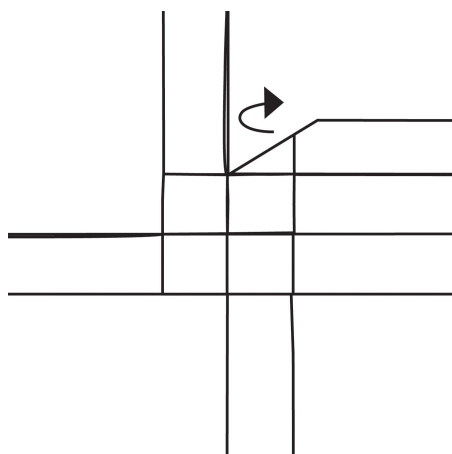

Step 6.
