

A Christmas Card with Vivi Gade Design Paper and Wooden Pixie

v13489

Attach design paper, a wooden pixie sticker, self-adhesive rhinestone half-pearls and natural hemp. All from Vivi Gade's red/white Copenhagen design series.

Hoe werkt het

1. Cut a narrow strip of striped design paper that fits the width of the front of the card. Attach this to the front of the card using double-sided adhesive tape.

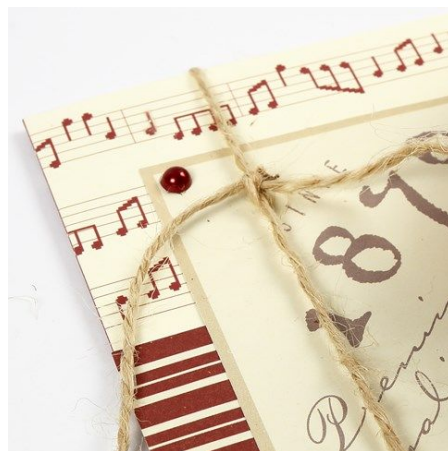

2. Cut a tag from the design sheet and attach it to the front of the card using double-sided adhesive tape.

3. Attach self-adhesive rhinestone half-pearls in each of the four corners of the attached tag.

4. Attach a wood veneer pixie with double-sided adhesive tape.

5. Tie a piece of natural hemp vertically around the front page of the greeting card.
