

Een kunstig T-shirt gemaakt met transferpapier

Elk T-shirt is gedecoreerd met kleine kunstwerken, getekend met een zwarte textielstift op transferpapier en gekleurd met Textile Color in neon kleuren. De kunstwerken zijn overgebracht op het textiel als een collage.

1.

Paint the transfer paper with Textile Color fabric paint in neon colours according to your taste. Let it dry.

2.

Cut the transfer paper into identical squares – or according to taste.

3.

Use a black fabric marker for drawing your chosen designs onto each of the colour primed squares using your imagination.

4.

The two-piece transfer paper consist of a backing paper and a foil front. Remove the backing paper from the decorated foil. You may use a needle for seperating the two layers.

5.

Place the transfer paper/foil onto the textile. The design should face outwards. Place a sheet of baking paper on top of the design on the textile and iron with an iron set on medium heat.
